PROFESSIONAL SUMMARY

Aspiring Software Development Engineer with a strong foundation in Java and full stack technologies. Seeking an entry-level opportunity to apply technical skills, gain real-world experience, and contribute to building efficient and scalable software solutions.

EXPERIENCE

Web Development Intern - EY Global Delivery Services, Virtual - India

Dec 2024 – Jan 2025

Completed a 6-week internship focused on building modern web applications with the MERN stack, where I applied concepts of real-time communication, database management, and full-stack development to a practical project. This experience strengthened my skills in JavaScript, React, Node.js, Express, and MongoDB.

Full Stack Development Intern - SITER Academy, Norway (Remote)

Jun 2025 – Aug 2025

Completed a 3-month Full Stack Development internship, gaining hands-on experience in HTML, CSS, JavaScript, PHP, and Tailwind CSS. Developed a personal portfolio website using responsive UI/UX principles. Contributed to a live team project for EJITE Journal, working on publications modules, contact form integration, and collaborative development using GitHub.

PROJECTS

BRIDAL GLAM: A Digital Companion For Wedding Beauty And Planning

[GitHub](#)

- Developed a web-based wedding planning platform enabling brides to plan complete styling services.
- Enabled users to explore multiple categories such as makeup, hairstyles, mehendi, saree draping, choreography, and jewellery.
- Built appointment scheduling and booking APIs using Node.js and Express.js with user feedback management.
- Integrated MongoDB for database management, storing user data, preferences, bookings, and vendor portfolios.

Chat Application using XAMPP Control Panel

[GitHub](#)

- Developed a real-time chat application using PHP & MySQL based on client-server architecture.
- Implemented secure user authentication (Signup, Login, Logout) with session management.
- Enabled multimedia messaging including text, emojis, images, audio, video, PDF, and Word files.
- Designed a responsive and modern UI inspired by WhatsApp UI using HTML5, CSS3, Flexbox, and animations.
- Integrated user presence features such as online/offline status and last-seen tracking.

TECHNICAL SKILLS

Programming Languages: Java, Python, JavaScript (Basics),

Web Technologies: HTML, CSS, MERN Stack

Databases: MYSQL, DBMS

Backend & Java Technologies: OOP, JDBC, RESTful APIs, Spring Boot (Basics), Maven

Core Concepts: Computer Networks, Operating Systems

Frameworks & Tools: VS Code, Eclipse, IntelliJ IDEA, GitHub, Postman, XAMPP Control Panel, Figma (Basics), Tableau, Excel

EDUCATION

Bachelor of Technology in Computer Science and Engineering

Nov 2022- May 2026(Expected)

Vaagdevi College of Engineering, Warangal, Telangana

CGPA:9.22

Intermediate (MPC)

June 2020 - Aug 2022

Mahatma Jyothiba Phule Girls Junior College, Khammam, Telangana

Percentage:97

CERTIFICATIONS

AICTE Internship Merit Certificate

SITER Academy Internship Completion Certificate
